SUBJECT: Cabot Corporation EPA ID # ILD042075333

Cabot Corporation is an active manufacturer of fumed silicon dioxide, marketed as Cab-O-Sil. This site was originally identified by the Illinois Environmental Protection Agency in the form of a Preliminary Assessment submitted to the U.S. EPA, 1985.

In November of 1980, Cabot Corporation filed a Part A RCRA application (EPA Form 3501-1) with the U.S. EPA. RCRA status was confirmed in a telephone conversation with Rick Hersemann of Illinois RCRA Permitting, U.S. EPA Region 5.

Since this site is fully covered by a RCRA permit, further involvement under CERCLA is not necessary. FIT recommends that the SSI be detasked based on the above information.
